Comes with
Size 8.5, 10 or 40 Blade
(inc. VAT & Postage)

Ideal for: Vets & Dog Groomers - A heavy duty clipper that takes all A5 style blades.

Ergonomically designed and very quiet. Perhaps not the lightest but is a firm favourite with groomers and increasingly so with vets.

Offers plenty of power for all areas, the most refined clipper in it's class. Very durable but is highly strung where liquid is concerned - misuse with liquid/oil/blade wash quickly damages this clipper beyond repair.
